### **What happened at the event?**

All performers did an excellent contribution, done in the name of charity. We at KABAYAN are extremely grateful for all the help and support.

More or less 85 people came. All were enthusiastic about sharing, which was truly manifested.

A lot of food & drinks were left unsold. We therefore served them for free and gave some guests some leftover food to bring home.

All on the coffee/tea area including cakes, cookies and pastries were served for free.

### **Our trusted contact in Manila:**

Patricia Elerud is a Filipina who used to live here in Sweden during the late 90s. She is married to a Swede, Mats Elerud. Patricia and Mats moved to Manila when Mats got employed at Asian Development Bank. Mats is currently a Senior Investment Specialist at Asian Development Bank and his wife Patricia runs a family-owned resort on Boracay Island called The Strand.

Both Hazel Andersson, our Kabayan treasurer and I, Amor Klippmark know Patricia personally and have experienced her and her family to be dignified, well-respected, humble and trust worthy. They are a pair with integrity so we have chosen and asked them the favor to carry out our project and fortunately they agreed. For that, we are truly grateful.
